EXTRA SESSION-THIRD DAY.

SENATE.

The Senate met at 3 P. M., pursuant to adjournment, Lieutenant-Governor Daggett in the chair. um present. Journal read and approved? Langford, from the Committee on Rules, submit Language and the Committee on the last reg-ed a report, incorporating the rules of the last reg-lar session with three exceptions. Rule 14 was mitted; also Rule 15, designating the standing ommittees, was stricken out and the following in-

Rule 14. Appointment and order of standing comttees. The following standing committees shall Committee on Contingent Experses and Mileage, to consist of five members.
2. Committee on Engrossed Bills, to consist of six

6. Committee on Revenue and Taxation, to consist of seven members.
7. Committee on Federal Relations, to consist of imittee on Constitutional Amendments, to

onsist of nine members.

The other rules were adopted up to 37, which (in delegates to conventions that have it in the old form) reads: "Rule 37—Suspending and Changing Rules—No standing rule or order of the Senate shall be rescinded or changed without a vote of two-thirds, and one day's notice being given of the motion therefor; but a rule or order may be suspended temporarily by a vote of two-thirds of the Senators present, except that portion of Rule 5 relating to the final passage of bills," etc.

The report of the committee changed the words "two-thirds" in the first instance to "a majority," but otherwise made no change in the wording of the rule. The impression seemed to be that the omission to strike out the words "two-thirds" in the latter part of the rule was unintentional on the part their power to bind or loose the party conscience or announce the party faith. Com-

committee, and English at once moved to o-thirds for a temporary suspension. This cer mly was an extraordinary rule; but then the occa hing extraordinary was expected of this special session. It must not only do everything in ten days out it must undo everything it does not do. He poped the rule, as read by the Secretary, would be

dopted, as it seemed to him to be just what was desired. Addressing the Chairman of the committee, "What do you want?"

But the factor had some proced-tion in the rule which required a two-fairds vote to change or suspend the rules. He challenged any Senator to show wherein a majority rule of this senator to show wherein a majority the ordina kind had ever been adopted, except on one occasion in Congress. It was never heard of in any variamentary body. The majority cannot afford to establish such a rule. If ne were in the minority, it would be just what he would like.

McClure offered as a substitute the old rule (as winted above). He said it was highly necessary. McCure offered as a substitute the out rue (as printed above). He said it was highly necessary for the preservation of order, and decency, and fairness, to have established rules of procedure. When any valid reason could be shown why the Senate should depart from the precedent of ages it might be time enough to propose such a thing. He could not see the necessity for it now, when a Democratic President of the Senate (composed of 32 Democratic President of the Senate (composed of 32 Democratic of see the necessity for it now, when a Democratic President of the Senate (composed of 32 Democrats to 8 Republicans) had placed on the Committee of tules six Democrats and one Republican. WELL GERGE.

FATAL RESULT.-Walter Robb, the brake man who had both legs run over while assisting in switching cars at Tehama Tuesday evening, was brought to this city about o'clock yesterday morning, as there could be nothing done for him until reaction set in. and it was thought he would be better of here. His injury was so severe, however that death resulted about two hours after hi arrival. Deceased leaves a wife and tw children, and a brother, Charles S. Robb who is a conductor on the Sacramento Division of the Central Pacific Railroad. Walte was an employe of the Central Pacific Rail road, commencing ten or twelve years ago and acting as brakeman and conductor, but subsequently went over to Nevada and was engaged on the Eureka and Palisade Railroad returning to California about six month since. He was popular among his fellow employes, and many regrets were expressed yesterday at his untimely fate. The funera will take place to morrow forenoon.

CAUGHT IN THE ACT .- About 1 o'cloc yesterday morning G. Paladina, who keeps a public house on L street, between Second and Third, caught Angelo Corda in a sort of storeroom which Paladina has arranged be neath the sidewalk in part of his premises, and in which liquors, wine, etc., are kept. He conveyed him to the lock-up, and yesterday officer Ash, after investigating the matter, entered a charge of burglary against the prisoner. There was found in the door of the storeroom a key which had evidently been filed down to make it fit the lock, and inside the room the large, double-edged knife and a two-gallon demijohn, which Corda is supposed to have taken there with him. Of late Paladina has lost considerable property from this room, and he therefore devised a very simple alarm to notify him when anyone should visit the premises without leave—a cord attached to the storeroom door, led into the house through the window and connected

BOARD OF PRISON DIRECTORS .- At the last meeting of the Board of State Prison Directors, the question of opening the granite quarries at Folsom came up. It would necessitate the removal of about eighty convicts at present in San Quentin, hence Warden Shirley opposed the proposition, as all convicts would be needed at the place as soon as the jute raills were opened. Warden Mc-Comb stated that contracts could be secured for many years if he were furnished with men to open the quarries. The matter was continued until the next meeting. All the credits earned by A. Hewitt, the convict who assaulted foreman Keyser of the furniture department, were declared forfeited. The Board was of opinion that Thomas Anderson, convicted of passing counterfeit coin, was in nocent, and recommended his pardon.

The exhibition of imthe city are progressing finely in enterprise, ported French hats and bonnets, including a la Melican man. Originally they used all kinds of artificial flowers, trimmings and baskets, suspended from a pole, for the conveyance of their washing, market vegetables, etc. Then those more prospersus procured of fine hats and bonnets of various shapes and styles were handsomely trimmed and arranged on stands for the inspection of the throng of visitors. The wealth and display did likewise, and they ran a very lively opposition to the white dealers in "garden sass." of artificial flowers, trimmings and ornaments almost beggars description, and to the observation property of the second many like the second many li server the collection seemed more like the handiwork of nature than of art. The artists' skill and taste appeared to a better advantage in the manner and arrangement of display in the large show cases which contained the finer trimmings for ladies' headwear. Among the imported hals and connets, we noticed handsome designs in hips, manila, linen and Milan; braids, which are entirely new styles in the millinery line, and the same may be said of the many beautiful designs in artificial flowers, ming-birds, montures and flowers, gilt laces, pearl, burnished cut-steel and jet ornaments.

Mr. Gilman, the proprietor of the Red House, has used great care and judgment in selecting the different classes of goods which now fill the millinery department of his extensive establishment. The exhibition of these goods. such as the Maribeau, pompoms with hum-ming birds, montures and flowers, gilt laces, charge, and will hold an inquest this morning. GARLAND

ARLAND

10 REASONS WHY!

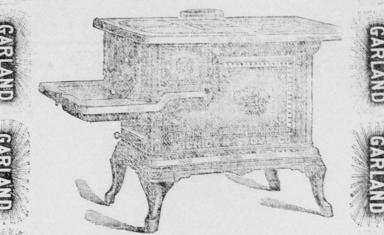

FIRST-Do you want the very latest and most improved RANGE or STOVE in the world? Then buy a "GARLAND." SECOND-Do you want a STOVE or RANGE that will bake a Nice Loaf

of Bread in Ten Minutes, with half the fuel of any other SIOVE or RANGE? They buy a "GARLAND." THIRD-Do you want a STOVE or RANGF, with fire back that will last seven years, and with edges all polished? Then buy a "GAR-LAND."

FOURTH-Do you want a STOVE or RANGE, with the top oven plater made in two sections, so that in no case can the ashes fall into the oven? Then buy a "GARLAND."

GARLAND

FIFTH-Do you want a STOVE or RANGE, with a Patent Broiling Hearth so arranged that one can broil a piece of meat, or a nice chicken, as did eur old Grandmothers when they did their own cook-ing? THEN BUY A "GARLAND."

SIXTH—Do you want a STOVE or RANG?, with a third more room on the top than any other STOVE, and a Patent Slids to coel the oven, without having the trouble of opening the oven door? Then buy a "GARLAND."

SEVENTH—Do you want a STOVE of RANGE, with a Duplex Sliding Grate in the fire box to either burn Wood, Coal or Coke, with a Nickel-plated Towel Rail, and a Drop Shelf for raising bread on? Then buy a "GARLAND," EIGHTH—Do you want a STOVE or RANGE that you can burn 22-inch wood, or at will 10-'nch if so desired, and the legs set in an iron frame so that there is no danger of the stove falling by a pressure against it? Then buy a "GARLAND."

NINTH-Do you want a R&NGE or STOVE that we warrant it it is not perfect and give entire satisfaction we will take it back and refund the money, or give any other STOVE or RANGE in its stead from our 101 different patterns? Then buy a "GARLAND." TENTH AND FINALLY-If you want a STOVE or RANGE that everybody is buying, and that over 700 are now in use in Sacramento city alone, and over 1,900 in use throughout the Pacific Coast, then buy one of our justly celebrated "GARLAND" RANGES.
